

Celebration™ Renovation Clip

Attach clips to existing 15/16" suspension system

Snap up CELEBRATION metal panels

Features and Benefits

- Refinishes an outdated suspended ceiling with sleek CELEBRATION™ Metal Ceiling Panels or TRUE™ Acoustical Ceiling Panels.
- Accents high-profile areas without additional, specialty suspension systems.
- Allows enhanced acoustical performance.
- Fits standard 15/16" metal suspension systems by any manufacturer.
- Significantly reduces renovation costs and debris.
- Clips made of flame-resistant, self-extinguishing resin to achieve highest UL flame rating for plastic.

Applications

- Anywhere 15/16" face T- Bar is used
- Lobbies
- Accent areas
- Contemporary office environments
- Retail spaces
- Health care
- Educational

Product Information	Materials	Clip made of injection-molded flame-resistant, self-extinguishing resin.
	Module Size	Adapts 2' x 2' and large-format CELEBRATION-edge (CEL) ceiling panels to existing 15/16"-face suspension systems. Can be used on installations with Square Edge and Shadowline edge details without removing the existing ceiling panels.
	Suspension System	An existing standard 2' x 2' or 2' x 4' roll-formed, all-steel or aluminum 15/16"-face suspension system by any manufacturer. Ensure that the existing suspension system is square and structurally sound and that the plenum is free of maintenance problems (e.g. roof leaks, mold, or mildew). ¹

Perspective

Perimeter Detail

Design Concepts CELEBRATION Renovation patterns for 2' x 2', 2' x 4', and 2' x 6' suspension modules.

2' x 2'	Square		2' x 2' and 2' x 4'	Pinwheel	Stagger
2' x 4'	Running Bond	Herringbone	2' x 2' and 2' x 6'	Weave	
	Paver	Stack	2' x 6'	Stack

Code approval

The DOWN CELEBRATION Renovation Clip is made of flame-resistant, self-extinguishing material and meets V-0 classification as defined by UL 94.

Footnote

1. Spot-check squareness by measuring the opposite diagonals of grid modules; diagonal lengths must be within 1/8". (If using 3'-4'-5' triangle method, triangle must close within 1/8".)

SAFETY FIRST!

Follow good safety and industrial hygiene practices during handling and installation of all products and systems. Take necessary precautions and wear the appropriate personal protective equipment as needed. Read

material safety data sheets and related literature on products before specification and/or installation.
